Take a Walk on the Wild Side

There are many different styles here at Manual. When walking through the halls you may see fashion statements being made without meaning to. From Afros to straight hair and bell bottoms to flannels, it is something new every day. The students at MHS create their own unique fashion line-up.

Everyone has their own type of hairstyles. Some are outrageous while others are subtle. We have students with styles that range from bald to Afros and Each student is unique in their always changing. Students taste in clothing and hairstyles change so periodically that it's hard to tell what is in and what is out.

The important thing is that each student is his or her own person. The fashion that a student displays plays a major role in displaying their individuality. Setting your own styles is just one step in the direction of making our own decisions.

With the merging of Washington and Howe with Manual, one of the most obvious benefits is to the marching band. Not only are they bigger, they are LOUDER. With performances at events like the Circle City Classic Parade, they are becoming a force to be reckoned with.

DECA

Your *Time to* Shine

Manual spirit is always strong. However, it always seems strongest around the traditional Redskin Homecoming. Doug Woods, with pal Krista Muckey, shows the extremes a senior will go to in the effort to show his allegiance.

Being a senior is hard work. There are many things a senior has to do before the high school days slowly come to an end. The problems seniors deal with the most is having time to plan for graduation and college. Planning and thinking takes a lot of time and effort. It's no wonder a senior gets so stressed out.

Stress plays a role in everyone's life. It would be nice if it just left us alone, but we live in the real world, so we'll just have to **DEAL WITH IT!**

SENIORS, GOOD LUCK!!

When coming to high school, many **FRESHMEN** get the word that they're going to be humiliated, but after about a month, they realize that it was all just a lie. They realize what high school is all about.

Freshmen start over from being top class to being low class, having to prove themselves once again and adapt to a new building, new classmates, new teachers, and new regulations.

This is a new beginning with many new experiences. A year that should be thought of as a learning experience. This is a year to begin thinking about and preparing for college. It's time to realize that soon you will be making decisions for our society.

You have three more years at Manual. Hang in there, make the best of it, and enjoy yourselves. **GOOD LUCK!**

By Bobbie Hubble

• Christmas comes but once a year at Manual High School. Freshmen Darlene Johnson, Chris Johnson, and Tim Johnson received holiday candy canes as a reward for perfect attendance from Thanksgiving through Christmas.

The Class of 1999 shoulders a number of responsibilities.

You are one of the largest classes to walk through the doors of Emmerich Manual High School. That means you have the chance to leave your mark on this school and make it a better place to spend the day.

You are unofficially the last class of Twentieth Century (officially, that honor goes to the Class of 2000, since the Twenty-first Century begins in the year 2001, but a lot of people don't know that). What do you have in common with the class of 1899? Actually, not a whole lot. They didn't have the luxury of car phones or beepers, TVs or CD players, Nintendo or Sega, Starter athletic coats or the NBA. In fact, basketball had just been invented on the East Coast by a guy named Nasmith.

However, rest assured that there were some similarities: fights with the parents, the conflicts of jobs and education, the twang of Cupid's arrow, and a horizon of possibilities.

Your world, too, is one of infinite possibilities: Live long and prosper.

A New Experience

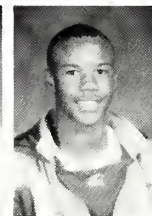

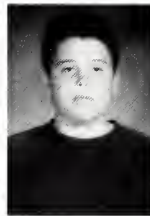

This year our Manual freshmen family had a lot of students new to the experience of high school. There was a very large population of freshmen that had our school more packed than ever. They seemed like they all fit into the surroundings of the people, teachers and every day things that was around the school. So be on the look out for these freshmen as the future lays ahead.

When you hear the word star, most Manual students think of our very own STAR Academy. Last year EMHS introduced the STAR Academy to IPS and Indianapolis.

This year's freshmen class is the second group of students to join the STAR Academy.

For those of you who are not yet quite in the know, STAR means "Science and Technology of Agriculture and its Resources." The STAR Academy selects IPS students based on academics and interest to join this college preparatory program which focuses on careers in the agriculture industry.

The teachers in the STAR Academy are Mr. Moore, Mr. Newton, Mr. Swinford, and Mr. Gustafson. The students spend five of their seven classes working with these teachers in the STAR Academy. Of course, it's not all work and no play. In addition to taking classes, many students are involved in extracurricular activities. In fact, one of these activities is attending the national FFA conference. This year the students traveled to Kansas City to participate in the conference.

Do you have the potential to be a STAR student?

By Bobbie Hubble

As a **SOPHOMORE**, you feel a big relief from the pressure of being a freshman. Your first year is done and now it's time to start looking toward the future. You make new friends and experience a lot of changes. Time to quit the playing around and start acting serious. It's time to do your homework, be on time, go to classes, and be ready for school. Just remember: Education is essential for the future.

Now that the sophomore year of 1995-96 is over, you are halfway through your high school career. Big changes lie in your future; you will no longer be an underclassman. Through all of the hard work and frustrations, keep in mind that you only have two years left.

Top Ten Rules Sophomores think should CHANGED!

"The sophomore class has been here long enough to decide some of the changes that need to be made here at Manual. So the IVIAN staff asked some sophomores their opinion and here's what was said..."

1. There should not be restrictions to food and drinks in the building.
2. Students shouldn't have to share lockers.
3. Conferences should not be issued for tardies.
4. Pagers should be allowed in the building.
5. Hats should be allowed to wear in the building.
6. There should be longer passing periods.
7. There should not be a dress code (to a certian point.)
8. Passes should be allowed to students' lockers.
9. Student i.d's should not be issued.
10. Students should be allowed to leave the building for lunch.

School Lunch:

Treat or Terror

Even if your school lunch is \$1.25, reduced, or free, most students will not eat it.

You usually have your choice of rubbery pizza, brown salad, or dried hamburger that is half of the size of your bun.

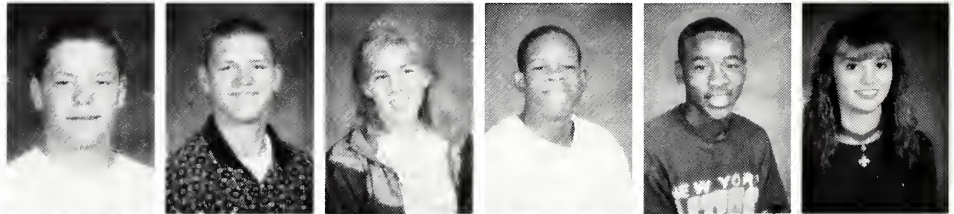

How often do you see a teacher eating a school lunch? Most likely, they would rather eat at McDonald's...and so would we! Most of the students get their food and drinks from Mr. Craig's concession stand or out of the vending machines.

The students who have first, second, or even third lunch are lucky. Students eating fourth lunch are the unfortunate ones who get the leftovers that no one wants from the vending machines and have to sit in a dirty cafeteria.

To sum it up: BEWARE OF SCHOOL LUNCH!!

TAKE NOTE!

This school year, Sophomores will look back and remember the snow storms of '95 and '96 that got them a few extra days off of school.

Finally, from freshman to sophomores to JUNIORS: This third year of high school is a year full of memories and enjoyment as well as looking ahead toward our future. We need to learn to be the best that we can be and do the best possible at it.

Being a JUNIOR means we only have one year left. As we prepare for our senior year and college, we become more independent. We need to get involved here at Manual, because next year we'll be seen wearing a cap and gown holding that diploma. We'll be out of here forever!

"Due to the closing of Washington and Howe, Manual expanded greatly this year. A lot of these students are juniors, who learned to adapt to a new building, teachers, rules, and classmates. IVIAN staff congratulates you on hanging in there and toughing it out."

Manual became a true melting pot this year when the I.P.S. School Board closed Thomas Carr Howe High School and George Washington High School in the summer of 1995.

Manual's enrollment increased significantly, and teachers and students alike felt that increase.

Many students had strong feelings about the closings. Many hearts were torn as they had to figure out a way to transfer loyalties within their hearts.

Here, a few students voice their opinions:

- Scotty Jett (Howe): "It's too crowded; otherwise it's OK."
- Eric Grimes (Howe): "It seems like a pretty decent school."
- Jennifer Greeff (Washington): "It's alright; it's just gonna take some getting used to."
- Crystal Porter (Washington): "It's OK, but it could use some improving."

Time *to Play the* Game

Everyone at Manual knows that sports are serious stuff. No one knows that better than the 1995-96 volleyball team. Yet, every once in a while there is a strong need to kick back, relax, and go just a little crazy. You go, girl.

Swinging through time

Manual's golf teams surge above others

The Manual boys' golf team proved victorious yet again as they won the 1995 IPSAC competition.

The Manual boys' golf team's biggest challenges were Perry Meridian and Southport. Brad Ford (1), however, did a great job keeping his score low against these and other opponents. The other boys' golf members were Ben Arney (2), Brett VanMeter (3), Dustin Campbell (4), Jason Jones (5), Daniel Wilson (6).

When the girls golf team started August 17, there were only two players on the team, Tara Sullivan and Jennifer Greef. These two players showed up to every game even when they had to forfeit each game because they didn't have a full team. They continued to play and headed toward improvement.

A team made of mostly first year players set out to have fun and improve their game.

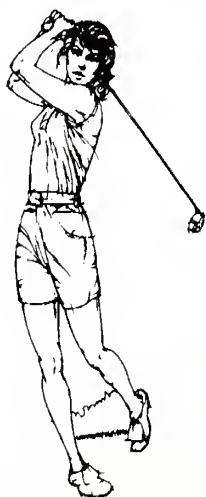

The captain, senior Tara Sullivan will be greatly missed next year. The remaining players promise to return next year for more fun and will head toward their goals to win IPSAC.

Coach McNeil said "This is probably the funnest team I've ever coached."

Spikes soar in air

Returning seniors assist season

"If you believe it, you can achieve it" is Coach Bryant's motto as the girls volleyball team nears the end of the season and the beginning of the sectionals. Coach Bryant hopes that the team will be able to finish off the season well, then enter the sectionals and advance far beyond anyones expectations.

Coach Bryant believes that the team has unlimited potential which must be brought to the surface through hard work and dedication.

Coach Bryant feels that the team needs to learn to have fun, communicate, and to believe in themselves no matter what the challenge may be in order to reach his high expectations.

The volleyball team has had fun and has grown to realize that teamwork is the most important part of being successful.

Tennis teams work together

Coach Kathy Newman Smith with her star players, Ann Wittenbring and Ellen Winkler did not get to be remembered as being numbered as the winning side. But that didn't get their spirits down. It just made them put more effort into winning. But each team member did very good. Individuals were, Tara Sullivan, Jaime Bronson, and Heather Humphry. Since seniors Jamie Bronson and Ann Wittenbring will be graduating this year, Coach Newman Smith and the other girls will have to find some more good tennis players.

Racing against time

Cross country proves competitive

Looking back on the 1995 Cross Country season brings a smile to my face. The closing of Howe and Washington brought some wonderfully skilled runners to Manual High School. Johnny Ray from Howe is one of the best runners I have had a chance to coach. Johnny is not only a good runner but also a gentleman.

Running with Johnny was a maturing Bill Cox, a yet to mature Dennis Brink; solid running came out of Tony Martin, Joe Dowdell, Charles Gibson, Joe Carson and William Trimble.

This team beat Tech every time we met and also won the IPSAC championship for the first time since Coach Pike retired. All runners except Ray and Carson will return next year for, hopefully, another successful season.

by Coach Mike Swinford

The girls' cross country team had a really good season. They had five wins and five losses. This year's team I had the opportunity to run with China Robinson, Deana Bennett and Queela Laderson. Colonel Riley coached us to another successful season.

Football finish a surprise

Manual defeats Tech in Sectionals

In the game against Tech, the varsity players grabbed their last chance for victory to end an eighteen game losing streak. Manual's second football game against Tech this season ended with a Manual win of 22-14 to avenge a loss at the hands of Tech earlier this season.

"Everybody stepped it up for the sectionals," explains junior quarterback Corey Parchman. Tech was Manual's first opponent in Sectionals.

The varsity football team as a whole has improved in various ways from last season. "They have been the most coachable team," says Coach Shadiow. With only ten Seniors, Bill Price did a "real nice job of leading the team." The team accomplished their goals of improving from last season by playing hard and showing pride in each and every football team no matter what the score.

This year's team included two excellent individuals who are a part of the top ten football players in the area. Darrin Douthit has rushed nearly 1,000 yards, and Corey Parchman has thrown for over 1,100 yards.

Going beyond the limits

Striving for success

Three seniors on the Manual High School wrestling team had an outstanding season this year. These three seniors included Jason Harris-130 lbs., Kevin Stover-152 lbs. and Corey Riegal-171 lbs. Together they currently post a combined 68 wins against only 5 losses. This trio won a total of 13 individual tournament titles, including the All Falls in the City Championships.

Other Manual wrestlers currently posting a winning varsity season record include freshman Martin Porter (13-12), Sophomore Milen Glenn (20-8), Hannibal Harris(15-10), and Junior Mike Gary (20-11). The varsity team currently posted a 10-10 dual meet record, with only 4 dual meets left before sectionals began.

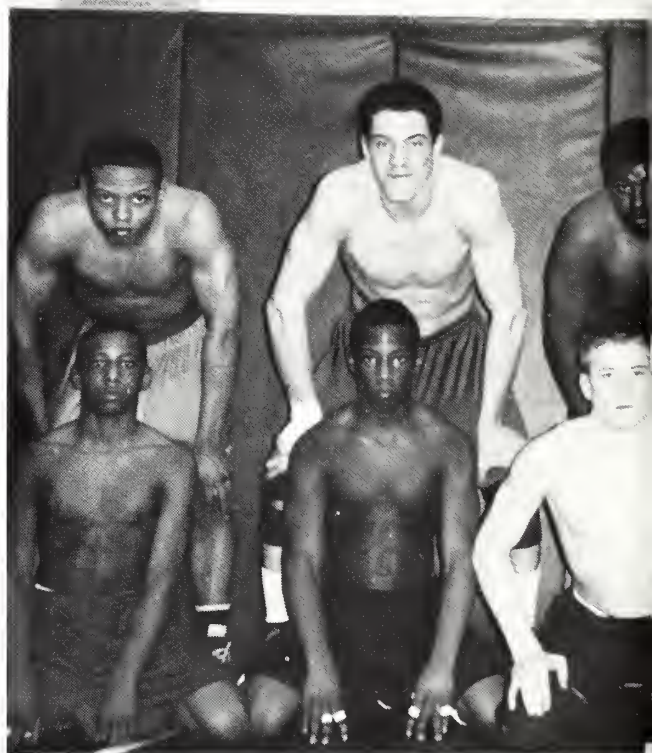

Manual's wrestling coaching staff for this year included head coach, Jim Phillips, and assistants Paul Miller, Otha Taylor, Mike Glenn, and Mitch Miller.

The Redskin wrestling team ended their regular season with a winning record for the 6th straight year.

Lady Redskin strive to win

Mesmerized by the sound of the swoosh

Basketball season for the varsity girls has come to an end. The final game of the season for the Lady Redskins was played at Tech High School in the sectionals. The team lost 46-37 in this final game.

The players for this season who are seniors include Kenya Swedish, Latissu Ivy, and Tashona Mays. This is their last year playing for the Lady Redskins. The team captains were Selene Harvey, Latissu Ivy, and Tashona Mays.

"All of the players on the varsity team played well," says Mrs. Newman-Smith. Smith says, "I wish they were going to play in college."

"I'll miss playing for Coach Smith," says Ivy. One question directed to the team was "How did the players feel about playing with the new Washington and Howe students?"

Swedish said, "I just looked at them as a Lady Redskin, because they really helped the team a lot."

Mays says, "I'm happy it's my last year. I'm proud that I was able to be a Lady Redskin for four years."

This wraps up the Emmerich Manual High School Lady Redskins' season with a record of 6 wins and 12 losses for the varsity team.

Mrs. Smith wishes all the basketball players luck in the future.

Hoop Dreams

Nothin but net

The season was very disappointing because most of the young men on the team could not maintain their work in the classroom.

But for the young men who did stick it out, we are very proud of them. Alfonzo Torrence was one of the most valuable players on the team. Darnell Davis was a hard dependable player.

At one point they were starting two freshman, Kevin Nance and Ricki Buckley.

During sectional activity, the Redskins met Decatur Central during the opening round. With a halftime score of 22-28, the Redskins came on strong in the second half. Twice during the game the Redskins tied the Hawks with strong efforts by Eric Butler, Alfonzo Torrence, and Antwon Reed.

"Many games were at there last but lack of experiences kept us from winning," says Coach Craig. "We hope to have a better season next year."

Moving through the air

Baseball and Softball show success

The Manual Redskin baseball team was blessed last year by having an outstanding group of devoted guys playing for our baseball team. We had many valuable players who improved during the season and tried to prepare themselves for more success in 1996.

The Redskins improved this season from 1994 ending with 8 wins and 16 losses. They were Sectional Runners-Up and finished in 3rd place in IPSAC Conference.

The 1994-95 baseball captain was senior Andy Twigg. The team's most valuable player was the starting pitcher, Jason Ragland. Jason set a school record with 156 strikeouts as a Manual pitcher he also finished third in the state for strikeouts.

The baseball team will be have potential to do well in 1996, led by Jason Ragland and several returning lettermen.

The 1995 softball was a year for survival. Only two of the team's players were seniors; thus, the team was young and few records were set.

The players were Brandi Bowers, Amie Caviness, Patrice Harris, Alisha Hummel, Christina Ingram, Latissu Ivy, Christi Johnson, Carol McKinney, Paula Cole, Kristy Olsen, and Quentelle Poe.

Pitching for the Redskins was Jamie Bevers and Alisha Hummel. Brandi Bowers roamed from first base to short stop.

Sprinting through the year

Dashing through the times

Girls' track at Manual had a 50/50 year with five wins and nine losses. However, it wasn't because the players weren't good enough. Every team member put forth effort and tried their hardest. The team included Queela Laderson, Deena Bennett, Lois Brown, Heather Dow, Selen Harvey, Diashawnta Johnson, Love Jones, Naomi Mack, LaShawn Smith, Quiasha Wilson, Kendra Duke, Gwen Jones, Natalie Woods, LaTisha Wolfe, LaKisha Edwards, and Stephanie Martin. Other than the losses the girls' had a great season and hope for a better season next year.

Boys' track team had a successful season with three wins and nine losses. The team was a young team of freshman and sophomores competing against older and more experienced athletes. The team consisted of Darryl Brown, Norman Nalls, Kenneth Edwards, David Alexander, Desmond South, Curtis Green, Tony Martin, Cory Alexander, D.J. Brink, Duane Bennett, Joe Teague, and Mike Gary. The boys hope to have a strong and willing team next year.

Bursting with enthusiasm

Cheerleaders pump up the crowd

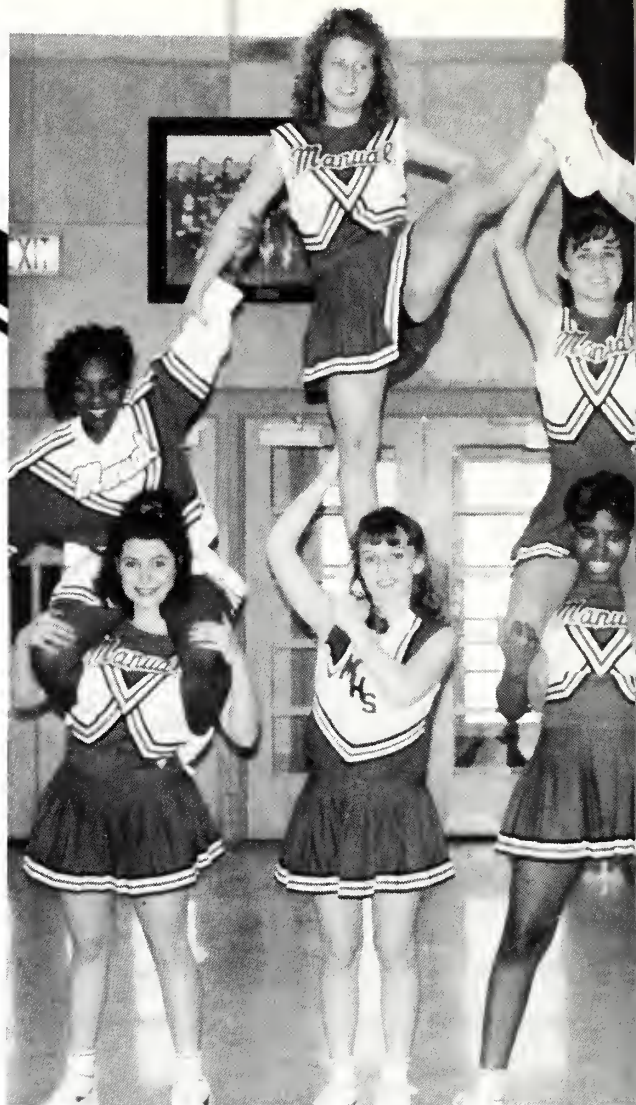

The Emmerich Manual High School cheerleaders had a trying year.

With the addition of their new coach, Ms. MacDonald, there were a few adjustments to be made. There was an entire new coaching style to adapt to and with the addition of Howe and Washington there was an extra effort to get into that Redskin pride.

Throughout football and basketball season, the cheerleaders stuck with it. They worked hard and above all else they enjoyed themselves. No matter the odds, they kept on cheering.

Serving Manual with pride

Schultz says his farewells

Mr. Raymond C. Schultz, athletic director, coach, teacher, and friend, retires this year after 40 years of service to Emmerich Manual High School and her community.

"Schultz is a legend."

--John Tremain, Football Coach

Schultz began his service to Manual not as a teacher but as a student. He entered these hallowed halls as a freshman in 1956. His athletic prowess served him well as he brought fame to Manual on the football field and the basketball court.

"Coach Schultz is a great leader, a fierce competitor, thorough with all details, and possesses a great sense of humor."

--Bruce Shadiow, Football Coach

Schultz left Manual to pursue a college degree at Purdue University in Lafayette, Indiana.

"Ray Schultz combines a great work ethic, humor, patience, faith, love, knowledge, and expertise to provide learning experience and development for student athletes."

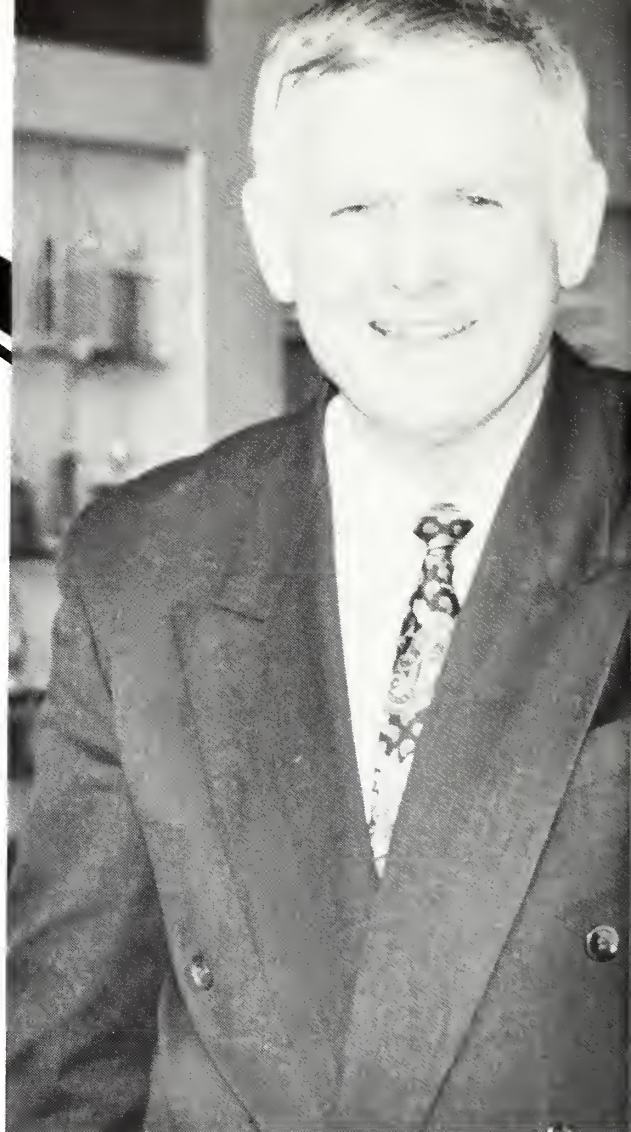

--Dick Alter, Baseball Coach

After earning his degree in science from Purdue, he returned to Emmerich Manual High School. Over the years, his influence went outside the science room and into the athletic arena.

"Schultz is an extremely hard worker and cares about his students and coaches."

--Sue McNeil, Golf Coach

Coach Schultz is a hero for many and a friend for all. His devotion to Emmerich Manual High School was honored with the naming the football field as "Schultz Field."

• Mr. Raymond C. Schultz stands in the place he has spent so much time, the lobby of Emmerich Manual High School's gymnasium.

• Mr. Schultz poses with his mother during this year's parent's basketball game. Mrs. Mary Schultz has spent many weekends helping in the Manual concession stands.

• A winning football coach, Schultz commanded attention.

• Who is this little boy?

• Schultz cuts the net after the 1992 Manual basketball team won the Southport Sectionals.

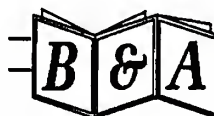

• Schultz scrambles after the ball during the 1995 senior/faculty basketball challenge.

The 1995-96 school year has finally come to an end. The school has undergone drastic changes including the loss of Mrs. Bogard, the gain of the new administrative team (Mr. Grismore, Mr. Knazze, Mr. Simpson), and the "No Tolerance" policy.

Manual has become well-known this past year for all of the "bad" things that have gone wrong. It seems like our school will never get off of the news or create anything but a bad reputation. It would be nice for a change, o see Manual credited and recognized for the positive things that go on here.

As the yearbook editor, I leave Manual with something positive: this yearbook along with its memories of the fun and memorable times.

To the incoming IVIAN Staff: Have fun and meet your deadlines, it means a lifetime full of memories and achievements.

Sincerely,
Angela Rodriguez, Editor

I would like to thank the 1995-96 IVIAN staff for making a great yearbook. Even though everyone was new to yearbook, a lot of people pulled through for us and put a lot of their time and effort into this book. THANK YOU!!

To the darkroomies, I know I was a lousy teacher but thanks for sticking with it and doing a great job.

To the Manual student body, one of these days people will see us for all the good things that we do and not hold everyting else against us. Good luck in your lives and I hope that this yearbook brings a lot of great memories for your golden years.

Sincerely,
Jessie Matula, Editor
